## Environmentally Friendly High Heat Disposable Plate and Dome Lid

Veteran Owned Business

### 8" Plate

A 8" high heat stable recyclable white plastic plate with a built in de-nesting system so the plates are easy to remove from a large stack. The plate will not soak in liquid. Its bright white finish is a great backdrop to any food item.

Item # FEG-01-PP (800/cs)

### 8" Plate Lid

This high heat friendly 8" plate lid fits atop an 8" plate without getting stuck on the plate via suction. The top is flat promoting stacking of other plate/lid combinations. There is an easy grip handle recessed in the center of the top of the lid.

Item # FEG-02-PP (400/cs)
